HANDRAILS & BALUSTRADES INOX

Parapetti & balconi

Handrails & balustrades

I nostri parapetti inox sono sinonimo di parapetti modulari in acciaio inox AISI 304 o AISI 316L con finitura satinata. Sono realizzabili in tubolari, scatolati e piatti sagomati, facili da posare perché preparati su misura o su specifica richiesta del cliente. Resistono alla corrosione e alle intemperie e sono garantiti da marcatura CE. Personalizzabili esteticamente grazie a colorazione, abbinamento di vetro, legno, ecc. Non necessitano di alcuna manutenzione.

Our railings inox are synonymous with modular railings in stainless steel AISI 304 or AISI 316L with satin finished. They can be made of tubular, boxed and shaped plates, easy to lay because they are made to measure or on specific customer request. They resist corrosion and weathering and are guaranteed by CE marking. Aesthetically customizable thanks to coloring, combination of glass, wood, etc. Maintenance is not necessary.
